

BAKE SALE 7-9 DECEMBER 2022

Dear Parents and Teachers,

We **need your help** in donating baked goods for us to run our Bake Sale. We will also have a number of crafts and jewellery items for sale that have been created by our upper elementary students as part of the Junior CAS (Creativity, Action, Service) programme.

During the Winter Performance (7 - 9th December) we, the Upper Elementary Nile students, will be running this fundraising activity as part of the Junior CAS programme.

We are also doing this to support The Society for Abandoned Animals (SAA), which is a small society that helps sick, hurt or homeless animals and gives them a home to live in.

We would really like it if parents could **donate nut free savoury or sweet baked goods**. We would like you to donate the baked goods **either 1 day before or the morning of your child's Winter Performance**. Please make sure they will last and bring them in airtight containers that are labeled with your **child's name, class and campus** so that they can be returned to you. Due to current Covid protocol, all items will need to be individually wrapped/bagged. If you are able to do this please let us know when you complete the form below. We can also wrap/bag the baked goods for you if needed.

We would like parents and students to bring money on the day of their performance so that they can come and enjoy our Bake Sale. Students will come to the Bake Sale after their performance for 30 minutes with food and craft/jewellery costing between \$5-30 each.

Please note that food bought at the bake sale will need to be eaten outside of the campus. Due to current Covid protocol, food and drinks are not allowed at the basketball court.

If you would like to donate items for our Bake Sale, please click the link below and complete the form.
