MONTESSORI IN THE HOME SEMINAR

Dear Parents,

Many of you have recently attended our Montessori in the Home seminar. Thank you to those who were able to join us! For those who were not able to join or would like to rewatch the sessions, we are very pleased to share with you a recording of the seminars here:

Additional Resources

Since you are your child's first and most important guide, we want to make sure that you have the resources you need to help your child at this crucial time in their development. Please review the attached documents and let us know if you have any questions.

We are also providing a link to the MONTESSORI ON THE DOUBLE website. This website has several videos of young twins interacting in a bilingual home setting that strives to follow Montessori principles. Whilst we do not monitor or necessarily endorse all of the postings on this site, we have found that the videos provide useful demonstrations of how parents might approach applying Montessori wisdom to their daily home activities.

We hope that these resources are useful to you.

Warmest Regards,

Miguel Buñag

Curriculum Manager
