THE INTERNATIONAL MONTESSORI SCHOOL an IMEF School
蒙 特 梭 利 國 際 學 校
IMS

1. Parents/Guardians should take their children's temperature before going to school. Any temperature above 37.5 °C is considered a fever. The student should not attend school.
2. All student should take a RAT before going to school. If the student test positive, he/she should not attend school. Parent/Guardians should report the case to school and the government.
3. Parents/Guardians should record their children's temperature and RAT test result and sign on the record sheet daily. The record sheet must be shown to the bus mother and school staff when entering the school.
4. Parents/Guardians should initial to declare the filled information is correct and to declare that they have completed the online Health Declaration Form for all children and accompanying adults and to state that there has been no change in status to any of the declarations made on this Form.

Student Name:_____Class:_____

Date	Time of temp/ RAT tests	Temp	RAT results (Neg/Pos)	Signature & Health Declaration
		°C		
		°C
