

## VACCINE PASS AND RAT REQUIREMENTS FROM 31 MAY

Dear Parents,

It has been such a pleasure to welcome parent volunteers back on campus, and to feel one step closer to normalcy! As we near the end of May, we would just like to remind everyone of the Vaccine Pass requirements for all adults coming on campus from 31 May onwards:

As per the [CHP guidelines](#), from 31 May onwards, **all adults who enter any campus** (including Caregivers for our Foundation children) must have received at least 2 doses, and **must be triple vaccinated if 6 months have passed since the second dose**. Please ensure that anyone entering campus complies with these requirements and uses Leave Home Safe.

In addition, the EDB announced yesterday that the daily RAT requirement will continue at least until the end of June. Please therefore ensure that you have an adequate supply until the end of the school year, which is 17 June 2022.

Wishing you a lovely weekend,

Karin Ann and Anne Sawyer
