

MONTESSORI IN THE HOME

Dear Parents,

We all share the challenging task of supporting our children in a way that promotes and respects their independence, without providing too much help. This challenge exists for all caregivers, be they parents, grandparents, teachers, or helpers. In order to help caregivers understand our objectives in the Foundation and Casa Dei Bambini programmes, and to support them in setting up the Montessori environment and ethos in the home, we are pleased to invite all caregivers to our online Montessori in the Home seminar. This year we will offer English, Putonghua, Cantonese and Filipino/Tagalog sessions at the following dates and times:

<p>Putonghua Session with Xixi Wu, Chinese Curriculum Project Coordinator Thursday 8 September, 10:00-11:00am</p> <p>Zoom Link (Putonghua)</p>	<p>English Session with Dafne Alonso, Curriculum Coordinator Friday 9 September, 8:45-9:45am</p> <p>Zoom Link (English)</p>
<p>Cantonese Session with Momoko Hong, Pre-Elementary Manager Friday 9 September, 10:00-11:00am</p> <p>Zoom Link (Cantonese)</p> <p><i>(Please note that we have adjusted the Chinese sessions from our Calendar to match our online format.)</i></p>	<p>Filipino Session with Miguel Bunag, Curriculum Manager Friday 16 September, 10:00-11:00am</p> <p>Zoom Link (Filipino)</p> <p><i>(Please note that we have adjusted the Filipino session from our Calendar to match our online format.)</i></p>

Children learn important skills by becoming independent in dressing and feeding themselves, caring for their belongings and environment, communicating graciously and courteously with others, and moving with control and coordination. Our Curriculum Leaders will present information about how to encourage the Montessori philosophy of “Help Me Do it by Myself” at home, and explain how to create an environment that will promote the child’s development in all areas - self confidence, language, movement, and socio-emotional skills.
